-----------------	------------------

Greenfield enters its 190th year of life a peaceable haven in a strident world. Nineteen eighty was marked by events political and technological which made this a year to remember. Over it all, affecting our lives and our tempers, hung a pall of anxiety over our hostages in Iran.

The year opened cold, but with virtually no snow. Nearby ski-runs suffered loss of business, and we missed the winter fun we'd come to expect. Still, with fuel prices rising we had cause to be grateful for the mildest winter in years.

Activity continued. Jr. High Youth Fellowship members, guided by indefatigable Patricia Rainier, met with their counterparts from other towns in a rally at the Weare Conference Center. Appetites received rare treats at the Woman's Club annual International Luncheon. Our church was crowded to the doors as Rev. Alex Dreese was formally ordained, with many of his fellow ministers taking part. The ceremony was followed by a reception hosted by the Woman's Fellowship, and later by a surprise party for Rev. Dreese at the parsonage staged by the Jr. High Youth Fellowship.

Early February brought more cold, but still no snow. With the presidential primaries upon us, politics were the order of the day as candidates sought our votes and braved our cold. At month's end it was Reagan and Carter who took Greenfield and the state.

Zoning ordinances proposed by the Planning Board, disposition of revenue sharing funds and what to do about the fire house roof appeared as issues in the coming town meeting. Word came that Selectman Wally Stone sought retirement. Following preliminary hearings, town meeting was quiet, with only one article out of 32 rejected. The meeting ended with a hearty round of applause for retiring Selectman Wally Stone.

As Easter approached spring seemed slow in coming. We had adapted

to re-cycling of rubbish, although minor confusions remained. Maundy Thursday services were followed by a grand casserole supper served by the Woman's Fellowship. Easter services glowed with especially fine music, including a flute solo by Venette Winslow and the choir in magnificent voice.

Resignation of Stephen Payne as Selectman for health reasons left a vacancy, soon to be ably filled with the appointment of Florence Merchant. Recreation Committee registration for Little and Pee-Wee Leagues brought many applicants, and a first game was scheduled with Francestown.

Early May gave a hint of summer. The Woman's Club at its annual meeting announced plans to replace the Meeting House basement ceiling with a new one. A new baptismal font was dedicated to the memory of Rev. Daniel Suokko, a gift of his friends and relatives. John Brodie took 4th graders to visit the famed Gardner Museum of Fine Arts. Greenfield's school Chess Club played host to 42 participants in the state championships.

More than 500 antique cars displayed their splendor at Crotched Mt. Rehabilitation Center, as crowds came to enjoy a vast exhibit, complete with flea market, chicken barbecue and day-long entertainment. As always it was great to see these proud beauties trundling through town.

The Fourth of July brought our second annual Country Fair at the school recreation field, with a parade and games and races; also booths selling gifts and collectibles. Jigsaw puzzles picturing the Greenfield Meeting House were popular sellers. The day ended with a ham and bean supper in that very building.

The town beach at Sunset Lake had a wondrous face-lifting, thanks to a generous gift of land by the Fred Coville family and entirely voluntary hard work by Bruce Gagnon, Richard Weston, Paul Ebert, Gregg Campbell, Moe Belmore and Dan and Ron Sullivan, plus donations of equipment and materials by Sullivan Paving, Roscoe Putnam and the Merzi family. Result: an enlarged beach, a great improvement, and a fine example of civic

generosity.

Late July brought sad news of the death of Wally Stone, so lately our two-term Selectman and possibly the most beloved man in Town. Memorial services for him were crowded and emotional, with many speaking from the heart of his service to Greenfield and to mankind.

We learn that our population, by census count, is 958, and that we have 415 homes.

With the foliage ablaze, the Woman's Club Harvest Fair, October 4th, was never better. Sales were brisk at booths featuring handcrafts, paintings, books and baked goodies, while the Farmers' Market sold the excess crops of many gardens. Proceeds, as always, go toward a major community project.

Elections November 4 saw us making up our minds at last, bringing victories for Ronald Reagan, the Republicans and, closest to home, to Greenfield's own Judd Gregg as representative to Congress. Whether on the winning or losing side, most of us felt pride.

Death took another well-loved citizen on November 18. George Shea, a life-long resident and a Selectman of Greenfield for 39 years, left us at age 76. He will be long remembered for his wisdom, common sense and much-respected service to the Town.

Suddenly, it seemed, we were seeing into the 21st century, as twenty 40-foot windmills recently erected on Crotched Mountain's western slope began to spin. The "windfarm", first of its kind in the world, will eventually supply power to the Rehab Center, on whose land it stands. Initially for research purposes, the project represents a new energy-producing technology - that of using many small windmills instead of the very large ones previously tried. Should the system work as intended it will supply excess power to the public utilities grid.

As snow portended a return to real winter, Christmas parties, caroling

and services of worship brought us together in many ways. Christmas was white and merry - but we thought long and deeply of our hostages in Iran as well.

Article 9. Motion moved and seconded to appropriate the sum of \$9,171.19 extra subsidy monies from the State; voted in the affirmative.

Article 10. Motion moved and seconded to appropriate the sum of \$819.56 provided the State pays \$5,463.74 for TRA roads. Voted in the affirmative.

Article 11. Motion moved and seconded to appropriate the sum of \$1,447.41 Duncan Fund from the State for roads. Voted in the affirmative.

Article 12. Motion moved and seconded to appropriate the sum of \$9,180 for the support of the Fire Department. Voted in the affirmative.

Article 13. Motion moved and seconded to raise and appropriate the sum of \$3,850 for three dry wells and maintenance of other area wells. AMENDMENT - To raise and appropriate the sum of \$2,150 toward the installation of at least one dry well and repairs to R. R. well and maintenance of other areas. Voted in the affirmative, as amended.

Article 14. Motion moved and seconded to raise and appropriate \$2,335 for a portable radio (Fire Chief) Battery charger system hose and Scott Tanks. Voted in the affirmative.

Article 15. Motion moved and seconded to raise and appropriate the sum of \$17,175 for the support of the Police Department. Voted in the affirmative.

Article 16. Motion moved and seconded to raise and appropriate \$5,511 for the support of the Stephenson Memorial Library. Voted in the affirmative.

Article 17. Motion moved and seconded to raise and appropriate \$700 for the Conservation Commission. Said fund to be placed in a special conservation fund in accordance with RSA:36-A:5. Voted in the affirmative.

Article 18. Motion moved and seconded to raise and appropriate \$1,500 for the support of the Recreation Committee. Voted in the affirmative.

Article 19. Motion moved and seconded to raise and appropriate \$3,500 for the repairs to the Town Meeting House Steeple. AMENDMENT - to include other repairs of the building in this article. Amendment voted no.

Original motion moved and seconded to raise and appropriate \$3,500 to repair the Meeting House steeple. Voted in the affirmative.

Article 20. Motion moved and seconded to accept article as read. Voters voiced dislike to the idea of an outside elevator on the building, would consider one inside if space could be found. AMENDMENT - Moved to install a lift in the Meeting House - not seconded. Discussion. Back to original article reading. Mac Atherton on the lift committee reported this would be no expense to the Town and the fire escape on the back of the building would be widened and not stick out from the building no further than the bulkhead. Chester Soule suggested we should have a picture of what it would look like and was not in favor of doing anything now. David Grophear stated Selectmen should be empowered to okay the plans. Richard Force amended to article that the structure should not change the appearance or alter the appearance of the building and that a public hearing should be held before any work is to be done. No actual vote was taken for or against. Consenses of the voters wanted more information before anything is done.

Article 21. Motion moved and seconded that the Selectmen dispose of the 1937 fire truck. Jerry Adams thinks the 1937 fire truck should be kept in town, we are loosing all our antiques of the Town. The truck is now being stored at Crotched Mountain Center. Edythe Atherton, President of the Greenfield Historical Society thinks the Town should sell it to the Historical Society for one dollar, to be kept for display. AMENDMENT - Historical Society and the Fire Department be instructed to come to Town Meeting in 1981 with a proposal to dispose of the 1937 fire truck. Voted in the affirmative as amended.

Article 22. Motion moved and seconded to increase the salaries of the Town Treasurer and Town Clerk to \$600 per year. Voted in the affirmative

Article 23. Motion moved and seconded to authorize withdrawal of \$7,485 from Revenue Sharing Fund established under the provisions of the State and Local assistance Act for the payment on the 1979 loader note and interest. Voted in the affirmative.

Article 24. Motion moved and seconded to appropriate \$6,000 for a new police cruiser and authorize withdrawal of same from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 for the payment. Suggested that the purchase be put out for bids. Shep Burrage gave price on a Plymouth. Voted in the affirmative to purchase a police cruiser.

Article 25. Motion moved and seconded to appropriate the sum of \$2,500 for enclosing recycling shed and authorized the withdrawal of this amount required for this purpose from Revenue Sharing Fund. Selectmen were asked to put it out to bids; they replied yes. Voted in the affirmative.

Article 26. Motion moved and seconded to return \$2,500 to the Recreation Committee plus interest now in Savings Account No. 55445. The money belongs to the Committee (the project for which it was designated is no longer active). Pros and cons on this, some wanted it to be returned and others didn't. After much discussion and when the voters realized it wasn't actual tax monies raised by the Town, but the Recreational Committees own monies kept as their portion for the playgrounds behind the School and Fire Station. Voted in the affirmative to refund the money and interest to the Recreational Committee.

Article 27. Motion moved and seconded to raise and appropriate \$1,200 for purchase and installation of Street signs. After much discussion it was agreed that people that wanted signs at the end of their roads could put them up at their own expense. Voted not to appropriate and raise \$1200 for road signs.

Article 28. Motion moved and seconded to raise and appropriate \$750 for winterizing of the Town Hall which shall include storm windows. To be put out to bids. Voted in the affirmative.

Article 29. Motion moved and seconded to empower the Planning Board to review site plans for the development of tracts for non-residential uses. After much discussion a hand count was taken. 23 count No; 44 count Yes. Voted in the affirmative.

Article 30. Moved and seconded to accept article as printed. Article was asking for \$8000 to repair leaking roof on the new fire station. James Conway stated the plywood was warping and causing leaks. Mr. Payne said already has estimate from Peterborough contractor. Jerry Adams stated he couldn't find where it was leaking. Amendment moved and seconded to raise and appropriate \$500 to do the job. Jerry Adams volunteered to find someone to help do the job. Original article voted no. Amendment voted in the affirmative. Ben Sanford said he would be glad to help.

Article 31. Marjorie Aiken voted that thanks go to Waldo Stone for his many hours of work he had given the Town. A rising vote of thanks was given.

Waldo Stone stated it was possible that the Town would be sending out two tax bills in the year 1981, 1st one July 1, 1981.

Discussed a fire alarm system for the Town Hall for sometime in the future.

Meeting closed at 11:25 p.m.

Attest: ANNA M. CHUTE, Town Clerk

PUBLIC WORKS DEPARTMENT

1980 was an active year for the Department of Public Works. The full length of County Road was widened, ditched, and trees and brush were cut. Brush and trees were cut on the Old Mountain Road. I have contacted the State of New Hampshire to have T.R.A. monies go for the start of reconstruction of this road.

Trees and brush were cut on Dodge Road and was widened and graveled to enable better drainage and easier snow removal; also two culverts were installed. Next year the bridge should be widened and strengthen.

The beach at Sunset Lake was enlarged with trees being cut and sand hauled in. Thanks should go to the people who donated their time, equipment and materials.

Shimming was done on Slip Road, East Road and the Old New Boston Road.

I wish to thank the Selectmen, various committees and the citizens of Greenfield for their cooperation.

Respectfully Submitted,

BRUCE GAGNON
Superintendent of Public Works

We would like to thank everyone for their cooperation and participation in making this a successful year for the Recreation Department. Every year we sponsor the Little League; this year they needed new uniforms which is a very big investment. We would like a special thank you extended to the merchants of Greenfield for their generous donations towards those uniforms.

GREENFIELD FIRE DEPARTMENT

In 1980 the Greenfield Fire Department answered a record of 75 calls, more than twice as in 1977. However, for the second consecutive year, there was no major property loss due to fire. Again, I believe this is due to Greenfield's awareness toward fire safety and prevention.

The following calls were answered in 1980:

Chimney	13
Brush	5
Car Accident	6
Medical	15
Cover Truck	6
False Alarm	6
Wash Down	2
Dump	2
Car Fire	1
Partition Fire	3
Chicken Coop	1
Miscellaneous	1
Mutual Aid	<u>14</u>
Total Calls	75
Approximate Man Hours	1,340
Total Greenfield Units Responded -	90
Total Mutual Aid to Greenfield ----	5
Total Cover Truck -----	<u>6</u>
	101

Cost per unit responded -- \$107.00

Cost per Mutual Aid unit to Greenfield - \$66.00

Beginning in 1980, we instituted a program of building inspections. Along with the School and Crotchet Mountain Hospital, we are now inspecting apartment houses, town buildings and Youth summer camps. This is a program long needed in this community.

With 15 medical calls and 6 auto accidents, the rescue squad has been busy. More life saving equipment and rescue tools are continually being added to our rescue squad in order that we can better serve this community.

I wish to thank the citizens of Greenfield and the members of the Fire Department for their help, support and cooperation given to myself and the Department during the past year.

JAMES CONWAY
Chief

GREENFIELD POLICE DEPARTMENT

1980 was a year of general economic problems for society. Historically, as the economy worsens, property crimes increase. This situation, plus the dramatic increase in the value of precious metals, gave Greenfield a serious house burglary problem.

During springtime, one burglary occurred on the South Franchestown Road, two on the Sundeen Farm Road, one on East Road, and two into the same residence on the dirt part of Slip Road. In the latter crime, a truck load of antique furniture was taken. Arrests were made and one person was sentenced to the State Prison. Unfortunately, only a small part of the property was recovered and that was found in North Carolina.

The summer had an entry into one of the stores in town; one offender is serving time in the State Prison. In July, a lady from Texas, who was climbing on North Pack Monadnock, had a window smashed in her car and \$480 worth of belongings taken.

The fall had another burglary at the same residence on the dirt part of Slip Road, one of five area burglaries we feel may be connected. Also, precious metals were stolen from a residence on the Franchestown Road; the offenders have been identified and are awaiting court action.

The financial value of the antique and metal thefts were very high. However, in talking to the victims, we have found that many of the stolen items were family heirlooms that were to be passed on to future generations. There is no way the insurance companies can compensate for the emotional loss of not being able to pass special things on.

An incident of concern regarded an improper conversation between a 42-year-old man and a 9 year old girl. A record check indicated the man to be a registered sex offender in California. At the conclusion of our interview, the man left town at 2:30 a.m. with an understanding that he wasn't welcome in Greenfield.

The problem of people consuming alcoholic beverages on the town common was harshly dealt with. Five persons were arrested and the court fined each \$27.50

In 1981, we are looking forward to the chance to improve the answering of the 547-2000 emergency number. Through the pledge of an anonymous private donation we will be able to have our telephone answered at the Hillsborough County Dispatch Center, rather than of present system which only covers the telephone on a limited basis. Never again will your call for help go unheard!

REPORT OF ANIMAL CONTROL OFFICER

This year the Selectmen were receiving so many animal complaints that they appointed me as animal control officer.

A rabies clinic was set up at the Fire Station for the convenience of those owners who had not vaccinated their dogs and were not yet licensed. It seemed to be a success and is hoped that we can do it again in 1981. Part of my duty consists of collecting stray dogs. If they are wearing their license tags, as they should be, I can return them to their respective owners. Any unlicensed dog is supposed to be destroyed after the proper number of days of being held in custody of the Town.

There are only a few known owners who have not obtained dog licenses and the decision of who is responsible for collecting these unpaid taxes is yet unresolved among the Selectmen, Police Department and myself.

Dogs running at large and in packs has been an increasingly serious problem even in smaller towns such as this. I have made every effort to break up these dog packs and to get owners to be responsible for their pets. I'm grateful for the cooperation which I have received.

The Town has purchased a metal-fenced kennel for purposes of holding stray and unlicensed dogs.

Ann M. Conley, Dog Control Officer

OVERSEER OF PUBLIC WELFARE

This year this department aided nine families consisting of 28 persons. The Fuel Aid Assistance, HEAP, will be used again this year. Operation Santa was again used for helping needy families.

Most of the town aid helps families with food vouchers while they are waiting for their food stamps to come through.

This year the court has placed some children in Foster Homes. The court ordered Greenfield to pay the support of these children for one year. This is where 75% of our money was spent this year.

REPORT OF THE PLANNING BOARD

Development of the Comprehensive Plan for Greenfield continued to be the main focus of the Planning Board during 1980. Supporting the Board in this task was an active Citizens Group who attended monthly meetings most of the year. The Board and this group of forty two citizens will present the proposed Plan to the Town at a special meeting. The Southwest Regional Planning Commission has continued to give invaluable technical assistance to the citizens involved with this work. Frank Dierauf and David Weir continue as commissioners on the Planning Commission with Frank serving as Chairman.

At the 1980 Town Meeting the Town empowered the Planning Board to review site plans for non-residential uses. The Board is developing guidelines to cover such uses.

Also passed by the Town in 1980 were six amendments to the Zoning Ordinance. The first restricted development in Flood Prone Areas. The second stipulated that lot size and frontage requirements in the Business District will be the same as in Residence B District. The third amendment set limits on multi-family dwellings. The fourth stated that no lot in any district shall contain more than one residential building. The fifth and sixth amendments deleted sections in the Ordinance which permitted unlimited expansion or use of non-conforming buildings and land.

The Board, after conducting required hearings, approved seven subdivisions during 1980 which involved a total of 19 lots. The Board also met with several other parties who came to air proposals and seek information.

An important Town development has been the installation of a wind farm on Crotched Mountain. U.S. Windpower, Inc. and the Crotched Mountain Rehabilitation Center discussed the plans for the project with the Board and hosted an on-site presentation for the Board and other Town representatives so as to maximize Town understanding and acceptance of this project.

Curtiss Howard was appointed as an Alternate Board Member in 1980.

The Board experienced a great loss this past year with the passing of Wally Stone. Wally had served with the Board during his term as Town Selectman and, after leaving that position, continued as a member of the Citizens Group.

GREENFIELD CONSERVATION COMMISSION

Your Conservation Commission has spent much of the past year working closely with the Planning Board of the Master Plan for the Town, specifically with the Open Space/Recreation and Land Use sub-committees. As a vital part of the Land Use portion of the Plan, we have been laboring on the Septic System/Soil study which shall have been submitted to the Planning Board by Town Meeting time. We are presently encountering difficulties in obtaining quantitative information on ground water recharge rates on soil types found in many parts of the Town that present ideal conditions for septic system operation but are a potential pollution hazard to neighboring wells as well as ground and open water.

The prime wetland determination has been stalled waiting for definitions of such areas from the State Wetlands Review Board. This problem was addressed at the annual meeting of the New Hampshire Association of Conservation Commissions (NHACC), and it was obvious that this body was operating in a high handed manner and was not about to set forth any definitions in spite of the mandate of the Dredge and Fill Act. During the coming year your Commission will have set forth reasonable definitions and on that basis will determine and map prime wetlands in Greenfield and submit the entire package to the Wetlands Review Board. The foresight of our Planning Board and the Town in establishing Wetland Conservation District zones within Greenfield has been something of a deterrent locally, but when "big money" interests start appearing on the scene, we are going to need every bit of clout we can muster.

Other activities that your Commission has cooperated in during the past year include appearances at Board of Adjustment hearings by invitation to address environmental problems, completing and returning Lake Inventory Questionnaires to the State and participating in the Forum II Planning meeting in Concord. As a result of one of the Board of Adjustment hearings, we felt that the installation of twenty windmills on Crotched Mountain Rehabilitation Center property required monitoring from an ecological viewpoint and have instituted this activity. We feel that this effort is vital in that the follow-on program will seek to deploy two hundred such windmills generating a total of ten megawatts.

As many of you know, your Commission sponsored and circulated a petition to the U.S. Postal Service requesting RFD Greenfield mail service for the entire town; the purpose is one primarily of fuel conservation but it does offer also a convenience enjoyed by most other communities outside of our postal zone.

As a spin-off of our effort with the Open Space/Recreation sub-committee, we have become involved with Conservation Commissions to the south of us along the route of the Wapack Trail in cooperation with the Appachin Mountain Club in re-establishing and enlarging this well known hiking trail.

At the suggestion of the Board of Selectmen, we have been investigating the aspects of establishing a Town Forest on Town property known as the Savage Place (R5-18 on the Tax Map). Our prime consideration is to contract the harvest of timber and allow Greenfield residents to harvest the cordwood for personal consumption only, using sound forest management practices. To date, we have contacted towns with such a program in operation for information on how to control such a program

to assure a clean forest area with a maximum benefit to the Town residents. This property abuts that which Mrs. Fleck is offering as a gift to the Town as conservation land. The County Forester has offered his services in marking and estimating timber and cordwood harvest potential.

Your Commission, contingent upon Town Meeting approval, has voted to establish a camp scholarship program to assist deserving high school age young people in attending the Conservation Camp sponsored and conducted by the Society for the Preservation of New Hampshire Forests. It is our hope that we might foster or enlarge any interest a young person has in the natural sciences and becoming involved in conservation as a vocation or as a volunteer worker.

Our activity with regard to the Dutch Elm Disease inoculation program was quite minimal. A portion of our budget for 1980 was set aside for the necessary chemicals to inoculate elm trees on Town property. None of this was used nor were we called upon to inoculate trees on private lands for the cost of the chemicals and someone to work the air pump. If we are to preserve the stately American Elm, more interest will be necessary. We have been receiving reports on experimental work throughout the State. A spray program for the control of the elm bark beetle in addition to the fungicide is showing most gratifying success. This, of course, will increase the cost over and above that of the fungicide alone, but we feel that it is worth it.

Respectfully submitted,

SELECTMEN'S REPORT

Due to the resignation of Stephen Payne for health reasons, Florence Merchant was appointed Selectwoman.

We would like to thank Jerry Adams, Ben Sanford, Dave Hardsog and Dave Grophear for their efforts, on a blistery summer day, in repairing leaks on the Fire Station roof. A roofer's estimate of around \$8,000 was turned into a \$40.00 job by the above mentioned four.

We would also like to express our appreciation to Jarvis Adams II for his diligence in ringing the bell at the Meeting House reminding all of us of the fate of the hostages held by the Iranian radicals over a 14-month period.

Continued effort was made to get the Town on a sound financial basis. Rising costs of the educational program caused a substantial jump in the tax rate. As we prepared the budget for the year 1981 every department was asked to be considerate of the tax payer. It does not appear to be the year of trying to "keep up with the Joneses".

We were pleased with the efforts of the people that work with us at the Town Office in keeping a thorough accounting of the expenditures, revenues, and day to day business of the Town.

The so called Burnham Lot, a landlocked parcel of land acquired by the Town by Tax Collector's deed, was put up for sale by sealed bid to the abutters. The highest bid of \$15,340.00 was deemed a reasonable offer and this parcel was deeded over to Jerry Adams. The net proceeds of this transaction (\$14,011.36) were invested by the Town Treasurer for a period of six months at 14.8%. The voters will be asked to decide on the fate of this transaction.

A great deal of time has been spent on reviewing the efficiency of the Police and Public Works Departments. Progress has been made in the area of accountability and a general policy stating the duties of the heads of these departments is in the process of being compiled.

PAUL F. BROOKS, Chairman
FLORENCE T. MERCHANT
EDWARD L. CONLEY
